

JouLite150

PRODUCT SPECIFICATIONS

PS-JLITE-01/01-100414

The **JouLite** is a multi-functional lamp that can be conveniently used as a Torch-light, a Phone-charger and as a Table-lamp by using the bottle Stand inserted into a PET or Glass bottle filled with sand or stones to give it stability. The **JouLite** can be recharged from the 5V LEC30 Solar Panel or through a USB charging cable

Product HighLights

- The **JouLite** contains 30kj of energy
- Fully charges a smart phone or 2 low feature phones
- Up to 60 hours on a full charge (Lowest light output)
- Recharged via the 5V LEC30 Solar Panel or via a USB charging cable
- Splash-Waterproof and is suitable for outdoor usage even in the rain
- Electrical contacts are completely sealed and no water can leak through the contacts to the inside of the lamp that houses the battery and electronic circuit.

Please note: We recommend to always insert the Phone-Charge-Cable into the lamp so that it forms a double protection against water reaching the connectors when used in the rain.

Refill your JouLite from the Sun

Refill your Phone from your JouLite
